## SCENE OF TRAGEDY-

where a Cameron man lost his life in an early morning explosion and fire Tuesday. Above, wreckage of Seth Dees home still smolders about seven hours after the explosion and fire that took the life of Dees. The force of the blast buckled vinyl siding on the neighboring Scarborough home, right, and rattled windows in a large area of the city.

## Cause Unknown . . .

### Man Dies In Explosion

A shattering explosion ripped through the frame home of Seth Dees at 1608 North Davis Street early Tuesday morning. Dees, 31, was burned to death in the fire that followed the explosion and completely demolished the house. Cameron firemen were called to the scene at 2:15 a.m. Firetruck driver Claude Burgess said the house was a total loss when firemen arrived. Dees' body was found in the burning wreckage.

A friend of Dees', a Mr. Reed, was sleeping in a small room behind the garage when the explosion occurred and escaped uninjured.

Fire Chief Carl Black said cause of the explosion is still being investigated.

The Tuesday morning tragedy recalled another in the Dees family about ten years ago, when Mrs. Dees was fatally burned when her robe caught fire from an open fire in the fireplace.

Residents in the neighborhood told of hearing the explosion, described by one as "like a tremendous sonic boom" and seeing flames shooting up immediately. One man on Cleveland Street said he was knocked out of bed.

The force of the explosion tossed one section of wall about 20 feet from the foundations. It was the largest piece of the house left intact. Twisted roof metal, broken glass and an up-ended blackened bathtub gave evidence of the force of the blast.

The first explosion was followed by two smaller ones, according to residents' reports.

Broken glass covered East 17th Street between the Dees home and Mrs. F. H. Scarborough's home at 1700 N. Davis. Vinyl siding on the north side of the Scarborough home was buckled and torn loose

by the explosion. A large piece of glass ripped through a window screen and shot into the house. The E. J. Provasek home on the south side of Dees' house escaped damage. It was shielded by several large trees and by the south wind.

Firemen were recalled to the scene at 10 a.m. Tuesday when fire broke out again in the smoldering wreckage.

Born April 14, 1938 in Milam County, Dees had lived in Milam County all his life.

Funeral services were held Wednesday at 2 p.m. in the chapel of Marek - Burns Funeral Home, the Rev. Allison Joyce of Temple officiating. Burial was in the Liberty Cemetery.

Surviving are three sons, Seth W. Dees Jr. of Redwood, Calif.; Coy Dees of Baytown and David Dees of Houston; a brother, Raymond Dees of Hanover; a sister, Mrs. Nora Smith of Austin; and six grandchildren.

Palbearers were Vaughn Jennings, David Perkins, E. J. Provasek, Leland Dees, William Dees and Terry Hardwick.

Three Yoemen are doubtful starters, following injuries in the Georgetown game or recurring ailments. Tackle James Mueck suffered re-injury to his knee while John Mayer is also back on the injured list.

Tackle David Fritz will start at tackle, replacing Mueck while Joe Lewis or Dale Schigut will take Mayer's defensive position.

Quarterback Robert Brashear suffered a severe thigh injury on a keeper run in the Georgetown game. He will see limited action and will be spelled by Jerry Richardson, defensive safety and end, and Ken McLerran, defensive half, back and Yoe punter.

Round Rock reports one injury, wingback Billy Martin.

## Powerful Dragons Await Yoe Visit

Georgetown, for three quarters equalled by the Yoemen, is not the only powerhouse on the Yoe schedule.

For "closers", the Yoemen will face the Dragons of Round Rock who annihilated Caldwell last Friday night, 45-0.

The Yoe travel to Dragon Field for the 8 p.m. Friday kickoff.

Georgetown is the only team to take the Dragons' measure in two consecutive games.

Coach Hal Stanislaw says the Dragons have lost only three games in the past two years, Georgetown twice and to Del Valle in the 1968 opener. And the Dragons lost only two games in the 1967 season, including one to Lampasas.

The Round Rock 8-1 season includes a recent 22-6 win over Rogers prior to the Caldwell war-

## School Valuations Up; Rate To Drop

### ASSESSMENT SET AT 50% BY TRUSTEES

Taxable property in Cameron Independent School District will be assessed at 50 percent for 1970-71 taxes following decision by school trustees Tuesday night. The tax rate will be lowered from the present \$1.50 rate after next year's school budget is set.

The unanimous vote to increase valuations came after trustees reviewed upcoming teacher salary increases and needs for expansion and remodeling of school facilities.

The increase doubles the former rate of 25 percent valuation, but is still under the 100 percent recommended by State law.

Supt. Dodson explained that the part CISD must put in to receive State funds has increased from \$74,837 in 1965 to \$100,460 in 1969.

"Next year we can expect \$16,000 to \$17,000 to be added to that total just for teacher pay raises," he said.

Dodson pointed out that the district had absorbed two pay raises, one in 1966 and another in 1969, without raising taxes. The annexation of Branchville and Marak school districts, plus a surplus accumulated over a period of several years provided a "cushion" for the school budget.

The teachers' pay raise promised by Gov. Preston Smith for next year is anticipated as one of the largest increases in school operating costs. Trustees agreed that homemaking and physical education facilities must be expanded or remodeled soon and the Ada Henderson cafeteria is still a problem.

No bond issues for building or remodeling are being considered at this time. Financing for projects will be through non-funded debt.

School Board chairman Coleman Duncum appointed Supt. Dodson to head a committee to make a complete physical inspection of the schools and present a report and recommendations for building or remodeling to the trustees.

Board members Calvin Cobb and Forrest Sapp will serve on the committee with Supt. Dodson.

The superintendent told board members about some of the most urgent needs for Cameron schools. They include:

—Dressing facilities for Yoe High School athletic program (field house for football, track, etc.);

—Continued overcrowding in Ada Henderson cafeteria (where elementary and high school students are fed);

—An auditorium (Ben Milam cafeteria is now used for plays, etc. but is no substitute for an auditorium);

—Dressing facilities for Cameron Junior High physical education and athletic program;

—Homemaking Department (housed in the gymnasium and badly rundown).

### Quiet Endorsement

## Most Citizens Back President

As demonstrations and violent explosions echoed across the country this week a random sampling in Cameron stores, offices and among students showed a strong majority backed President Richard Nixon's Vietnam policy. If not silently, at least quietly.

Flags were displayed in front of about a dozen businesses Tuesday, Veterans Day, and through the residential sections of the city, in many cases on hastily improvised flag poles. Many said they would have flown a flag, but didn't own one.

Most expressed disapproval of street demonstrations, for or against present government policy. One, a retired teacher, commented "I'm against the demonstrations. I have faith in our leaders, let them argue it out in Congress, not the people on the streets. I think President Nixon has given us our only way out of this."

Another agreed: "You should vote for the man you think has the judgment to choose the best course. I would have flown a flag if I had one today, but I wouldn't demonstrate because I don't think it would do that much good."

A mother of two sons in their early twenties said: "I have two boys and luckily they didn't have to be in this war. I wouldn't want them to go, but I think we should go all out and win because too many have lost their lives now to have fought a war for nothing. They thought they were fighting for freedom, not a lost cause."

Another agreed: "I'm 100 percent for the President. I don't think these young people who are demonstrating to end the war realize what would happen to us if we pulled out. I don't like war, but we're in this thing and we

## Police Distribute Booklet On Drugs

A widespread distribution of "Mission - Information" a booklet discussing narcotic and drug usage, started this week in Cameron schools, among Boy Scouts, and in local restaurants.

The booklet is sponsored by the Moody Foundation of Galveston and is being distributed by Cameron Police Department. Chief John Shearin said his office received 5,000 copies of the free booklet.

Besides the copies distributed at Cameron Junior High, Yoe High School, and among Boy Scouts, the booklets are available at The Texan, Ponderosa, and at Cameron Police Department.

Chief Shearin said the problem of drug and narcotics usage is growing more serious, especially in neighboring counties. Parents are urged to read the booklet which gives objective information about drugs, marijuana, and hallucinogens.

Shearin said they had found no suspicion of drug distribution or use in Cameron, that the booklet was an effort to warn people of the drug danger before it became a problem.

"We know there is a drug problem in areas around us and we know that we are not isolated from them. We have easy access to nearby cities and our young people are in regular contact with those from areas where drugs are available."

Seven separate narcotics arrests were made in the Temple - Ft. Hood area last weekend.

## Noon Lions Wire Endorsement To President Nixon

Cameron Noon Lions Club voted Monday to send a telegram to President Richard Nixon endorsing his current Vietnam policy. James Camp, Lions Club president, said the club voted unanimously to send the telegram. The action came in response to several independent, nationwide campaigns to back the President as anti-war demonstrators were being planned for the weekend.

Text of the Lions Club telegram was:

Dear Mr. President, It is with a great deal of pleasure that I take this opportunity to advise you that the Cameron Noon Lions Club today unanimously endorsed the Vietnam policies currently being pursued by the United States. You may be assured that our organization is 100 percent behind you as President of the United States. (signed) James D. Camp, President, Noon Lions Club.

### United Fund Drive At 78% Of Goal

The United Fund drive in Cameron has reached 78 percent of the \$9,300 goal set by directors in September.

Dana Kestenbaum, Fund chairman, said a number of contacts are incomplete in the business division of the drive. All United Fund workers are asked to make a special effort to complete their contacts and turn in their reports.

need to let the world know that we aren't going to back down."

An office worker disapproved of the war and demonstrations: "I am against the war, but I'm also sick of the demonstrations. When you're young you feel like you can do anything, but really the demonstrations do no good."

A grandfather felt strongly: "It's treason what these demonstrators are doing and saying. I think there is Communist pressure behind all this and I don't think we should show this weakness. Any war we go into we should use any means to win."

Some expressed frustration: "We're definitely the silent majority," said one. Another said, "We're not being heard, but I wouldn't march or carry a banner or place

ard. I've lost faith in this 'write your congressman', they don't care what I think."

A college student who opposed the war said most of his fellow students thought the United States should get out of Vietnam. "I would join in against the war more than for keeping on with it, but I probably wouldn't demonstrate. You're imposing on someone else's rights."

He said, "Probably 80 percent of the boys on campus (a State university) are against the war, some were black arm bands. I'd say the majority of our instructors at college are against the war. The students are mainly against all the people that are profiting from the war."

A majority of local high school students questioned said they didn't believe in war, but believed present policy was right.

A 17-year-old male student said: "I would demonstrate for the President, but I wouldn't be in ROTC because I am against fighting. Most of my friends are against the war, but they feel it is necessary."

Another high school boy, a 4-H leader said: "I don't think we should have the demonstrations because it puts a damper on the President and I think it will prolong the war. I would fly a flag, and I would defend my country, but I wouldn't demonstrate. I don't think demonstrations do that much good."

Another high school student took a different view. He felt that he would demonstrate against the war and if a movement were started here, he would wear a black arm band in support of the movement. But he said he doubted if there See PRESIDENT Page 2

## Mary-Go-Round

(Ed's note: Mary-Go-Round is written by Mary Faulk Kooek, founder and owner of Green Pastures in Austin, author of The Texas Cookbook and Cuisine of The Americas.)

By MARY FAULK KOOEK

Every morning I walk down the hill about a mile to our mail box which is on the High Road. Each step is sheer delight, the tall plummed Dry Willow bow on each side of the road, a covey of quail fly up by the cattle guard, birds call in their tree hideaways, an armadillo moseys across the road, a doe and her two fawn watch on the side of the hill without moving a muscle or flickering an eye, wondering I am sure, what manner of man I am squirrels scamper along the gully and day breaks with a new spectacular each morning. I get the morning paper out of the box and start home. It has gotten to be such a regular thing, I feel like I should carry the paper in my teeth and bark when I place it on the breakfast table at my husband's plate!

It seems that I reach the High Road precisely at 7:30 each morning, just as the school bus is picking up the children for nearby Eanes School. I was thinking of their mothers as I watched the little boys and girls get on the bus; having to get up at least 6:30 in order to give them breakfast and get them off by 7:30. Each child, spic and span, hair brushed and shoes shined. (Can they possibly be the same kids who get off the bus after school, looking as if they have been through all three cycles of a washing machine without soap?)

They all carry lots of books and things but no lunch boxes! Lunch boxes must be another fading institution, and judging from menus served in the Public Schools lunchrooms, one can surely see why. However, I have extremely fond memories of my lunch-box days. Mama was quite imaginative and often put in little surprises and an occasional note would be tucked into the sandwich wrapping. I'd eat the "piece de resistance," like the cold drumstick on Monday, at "little recess," not being able to wait until the noon hour when little groups of us would sit in the shade of the big oak trees and share our lunches; swapping a potted ham sandwich for a peanut butter one and vice versa—Bananas were always in demand as they could be swallowed without the effort it took to chew an apple.

There was a cottage-type building on the school ground where the janitor, Mr. Oakes and his wife lived. The Oakes made a great innovation by building a long counter in one of the larger rooms and it was our first lunchroom. Mrs. Oakes sold her homemade soup for 5 cents a bowl and chili for 10

cents. Penny Tootsie Rolls and 5c Hershey Bars completed the menu. A few years later a more official lunchroom was set up in the basement of the school and plate lunches were 7 cents and usually consisted of meat loaf and mashed potatoes. On Wednesday before Thanksgiving the Mothers Club helped Mrs. Oakes prepare and serve a Turkey Dinner to the entire school and we, the pupils, craved bright colors in the stenciled outlines of turkeys, pilgrims and cornucopias. These were then used to decorate the lunchroom for the occasion.

Mama's lunch-box special was a little fried apricot pie and we were able to drive a mighty good bargain with them. Apricot Pies may have been the featured lunch-specialty of the day, because at the same time across town at Pense School, according to Ann Solt, she and her brother Zack were supposed to go home for lunch; but whenever their cook, Ethel, made the little apricot pies they always begged to carry their lunches. Years later after Zack grew up and became a famous actor and lived in New York, he would often have Ethel send him the little pies by Air Express.

Feature my delight when I discovered them, in miniature, at a beautiful reception given by University of Texas President Norman Hackerman and Mrs. Hackerman, recently, for the Faculty. Apparently it was the same as "Mother-used-to-Make."

Cover 1 pound of dried apricots with water and simmer until well done. Mash, and add sugar to taste. Continue to cook very slowly until thick, at a side and cool. Make pie crust with 2 cups of flour, 1/2 cup shortening cut with pastry blender until like coarse meal, add 4 to 5 T of cold milk to make a dough. Roll out in rounds the desired size. Mama's were about 3 in. in diameter and she put approx. 1 1/2 T of the apricots on one side of the circle and folded them over. Press around edge with fork and then turn it over and go around other side with a fork. It must be tightly sealed. Heat 4 or 5 T of vegetable oil in a heavy iron skillet (medium hot) and brown pies lightly on one side and then the other. Place them on asserent paper and sprinkle with sugar.

## Mental Health...

Perhaps more than almost any others, those of us concerned with psychiatry and mental health have recognized the role of the clergy in combating mental illness.

In the community in which you live as you read this newspaper, your clergymen are aiding mental health in many ways.

Surveys have shown that people turn to their religious leaders more than to any other professional people in time of emotional and mental troubles. One such study indicated that 42 percent of the people came to see clergymen about their problems compared to 20 percent to physicians and 23 percent to a mental health agency, social agency, or some other professional group or person.

If so many people with mental illness problems are consulting their clergymen, what is he able to do for them?

There are a number of ways in which religious leaders can and do aid mental health.

One way is providing psychosocial counseling depth. This requires sources to which the clergyman can turn for consultation, such as a mental health center or professional group. It also requires training for the clergyman—and many such courses are today available with National Institute of Mental Health and other support.

Another method of aid is a kind of social counseling. Here the clergyman gives people assistance in dealing with problem situations, gaining insight into themselves and others, clarifying and identifying courses of action.

A third way of help is through support and referral.

This means giving emotional support to a person and assisting him to understand and know what help

## HOME DECOR IS CLUB PROGRAM

The Home Demonstration Club met at the home of Mrs. Allen Dodson Tuesday, November 11.

After a short business session, Mrs. Dodson presented the program on "Economic ideas for decorating the home."

Refreshments of cake, sandwiches, and hot punch were served to members and one guest by the hostess.

he needs and where he can get it. After assisting in getting the person help, the pastor continues the supportive relationship in co-operation with the helping agency.

In sum, the clergy contribute to community mental health by enabling the church to fulfill its mission; by carrying out pastoral duties sensitively and competently; by developing and using counseling skills; by supporting and using community mental health and other human services; and by giving leadership in making the community a place consistent with the teachings of the clergyman's faith.

Monroe Daniels will give the Dragons a powerful duo in their final 1965 game. Stanislaw says Daniels has gained more than 1500 yards rushing this season, racking up more than 200 yards a game in the early season.

Tackles Roger Malmstrom and Ron Wheeler, both 200 pounders, lead a strong Dragon defense. Both are weight men in track competition, Coach Stanislaw says.

Fullback Steve Gonzales is generally respected as the best middle backer in 1965 football, Stanislaw says.

The Dragon team is an experienced senior talent, having played a large number of the squad three years.

Cameron's 72 season will face, then, a tough test if the Yoemen are to close it out with an 82 record.

The rest of Cameron's manpower, John Steamer, Emanuel Thomas and James Laury in the backfield, and Ron Richardson, Schigut, Sam Knight, Martin Mueck, Carrol Michalka, Mike Darilek, Marvin Young, the Baileys, A. J. Hurtik and Norman Trubee are ready.

did not have the manpower to stay with Georgetown's depth. Conjecture on turning points is always dangerous. If the Yoemen had gone in during the second quarter, the setback the Eagles felt during the first three quarters might have been permanent. But who knows?

It was a fine effort and several Yoemen suffered injuries. It will be a good test to see them bounce back and face a good Round Rock club.

By Billie J. Warren  
The Fall Festival will be held at the Milano High School Gym, Friday night, November 13, 1 through 12 will participate in the program. The theme for the program will be "Man On The Moon." The program will start at 7:30 following the P.T.A. sandwich supper from 3:30 p.m. will include tuna and potato and cheese sandwiches, pies, coffee, and tea. Everyone is urged to attend.

Laura Hurt is a patient at St. Edward's Hospital in Brownsville.

Milano P. T. A. met Thursday night, November 6, in the gymnasium. The president, Geneva Paceley, presided at the meeting.

The program was presented by fourth and fifth grades under direction of Mrs. Ruby Mosley. Students presented various themes including, early explorers, the landing of man on the moon.

A room count banner was won by fifth grade students.

Refreshments of cookies and punch were served by mothers of fourth and fifth grade students. Mrs. Martha Graham is a surgical patient in Richard's Hospital at Rockdale.

Mr. and Mrs. Frank Warren and Mrs. Clarence Diver last

Wednesday night, Mrs. Odie Mills of the Liberty community has returned to her home after being a surgical patient in the Hearne General Hospital in Hearne.

The Milano Young Homemakers met Monday night, November 10, at 7:30 p.m. in the homemaking department. Mrs. Margie Lopez, president, opened the meeting.

Mrs. Billie Warren gave devotionals on "Family Thanksgiving." Mrs. Trudy Teitz, first vice president, introduced the speaker, Major Dallas L. Cox, a member of the Army National Speakers Program and a veteran of Vietnam. He gave a very informative program on "The American Soldier and His Role in Vietnam." He used slides showing first-hand experiences and observations of the solid achievements of American soldiers stationed in Viet Nam.

Cookies, candies, and assorted articles were collected to be packaged and sent to local servicemen in the Armed Forces.

Mrs. Billie Warren won the door prize.

Refreshments of chips, dips, cookies and punch were served by the hostesses Mrs. Geneva Paceley and Mrs. Margie Lopez.

Visiting in the home of Mr. and Mrs. Gene Beckhusen and Allen on Sunday, Nov. 2 and helping Mrs. Beckhusen celebrate her birthday with a dinner were Mr. and Mrs. Monroe Mortimer; Mr. and Mrs. Eddie Huntsman and Mary; Mrs. Sophie Riley and Mrs. Betty Odum all of Cameron; Mr. Gus Beckhusen and Mr. George Mortimer of the Hoyte community; Mr. and Mrs. Wesley Malone of the Liberty community and Mrs. Dorothy Fisher and Lynn of Rockdale.

## Beef Shortcourse Open To Farmers

A beef cattle short course for adult farmers will be held November 17 through 20 in Yoe High vocational agriculture building, according to School Supt. D. R. Dodson.

W. W. (Bill) Holtzapfle, beef production specialist with the Department of Animal Husbandry at Texas A&M University will be instructor for the course.

The short course will start at 7 p.m. Monday. Other meetings will be held on Nov. 18, 19, and 20. During the four-day course, Holtzapfle will be available to help cattlemen with individual problems and to provide on-the-farm instruction, according to C. Tittsworth and Bob Carter, Voc-Ag instructors. Cattlemen interested in attending the shortcourse should write or call Supt. Dodson, Carter, or Tittsworth. An entry fee of \$2 will be charged.

The course will deal with producing highly marketable beef at lower cost; the meat-type steer; selecting bulls and replacement heifers; proper range use, and supplemental winter feeding. The course can be changed to meet wishes and interests of farmers and ranchers enrolled.

## Yoe Band Takes 2nd Place In Contest At College Station

The Yoe High Marching Band brought home a second place and \$150 prize from a parade and band competition that opened the Texas International Speedway in College Station Sunday.

The band was in competition with six other area bands. A&M Consolidated took first prize and Kemp High School placed 3rd. Yoe Band Director Bob Carney said the prize money would be used for transportation to various events during the year.

The band will compete in the UIL marching contest for Region 8 North Zone at Waco November 25. Carney said it would be the first time in 21 years that the Yoe Band had entered the UIL marching contest. He said about 45 band members will march at Waco.

## JAMES KAMENICKY

MEMPHIS  
Airman James E. Kamenicky, USN, son of Mr. and Mrs. Robert E. Kamenicky of Route 1, Rogers, graduated from the Aviation Mechanical Fundamentals School at the Naval Air Technical Training Center, Memphis, Tenn.

The three-week course included basic mathematics, common aircraft hardware, mechanical and electrical physics, aeronautical publications and the use and application of hand tools.

## Mental Errors Expected To Kill More Than 100 Hunters In Texas

One of the biggest armies of hunters in Texas history—some 700,000—will be in the field this year, and safety should accompany them.

The gun-toting brigade will be in search of game ranging from mourning doves to javelinas on a battleground stretching throughout the length and breadth of Texas.

Many of these hunters won't return from the hunt—victims of their own mistakes or the mistakes of other trigger-happy hunters. Many will die of heart attacks, brought on by strenuous exercise to which their bodies have become unaccustomed during the past year of inactivity. Thousands will come home with head colds and flu, the result of a variety of conditions including wind, rain and cold weather and over-exposure to the elements.

Thousands of hunters will get away with mistakes, but about a hundred a year don't survive these mental errors.

For example, who would ever climb an unfamiliar tree in the dark, carrying a loaded gun—except on the first morning of deer season?

Or, who would ever snake his way through a barbed wire fence, waggin a loaded rifle behind him—except during deer season?

Who would ever put a loaded gun in the hands of an untrained teenager, admonish him to be careful and turn him loose in the woods—except during deer season?

When would you ever choose a loaded rifle or shotgun for a companion around the campfire or over a hot cup of coffee—except during deer season?

And, who would put a loaded weapon into a car filled with others—except some careless hunter during a hunt?

Planning preparedness and thoughtfulness would eliminate many

## Lions To Host Zone Meeting

Cameron Noon and Evening Lions Clubs will host a zone meeting for Zone 3C, District 253 Lions International at 7:30 p.m. Thursday (tonight) at the Texan.

The meeting will feature "Ladies Night" with corsages and favors for Lions' wives. About 50 persons are expected to attend the meeting and buffet supper.

Clubs from Rockdale, Lexington, Milano will be represented. Keen Franklin, zone chairman from Rockdale will be in charge. Dr. John Martin of Cameron, deputy district governor, will be on the program.

District Tail-Whisperer James St. gal of Bryan and Floyd Tippitt, zone chairman from Hearne, are also expected to attend.

unnecessary hunting fatalities. Unloading your rifle before you climb up or down a tree takes only a few seconds, so why gamble a life?

It's playing with pretty high stakes when you carry a loaded weapon through a fence instead of first putting it through the fence—and laying it on the ground—before you go through or over the fence. Never lean a gun against a fence; it might fall and discharge.

Never point a gun at anyone—even if you know it's unloaded. You might forget another time. And when you shoot, be sure of your target. If a youngster wants to hunt, prepare him before you take him out. When you take that coffee break or a meal, unload your gun. A loaded gun is a dangerous companion.

## Yoe JV Meets Round Rock To End Season Play

The Yoe junior varsity meets Round Rock JV here Thursday (tonight) in its final game of the season. Gametime is 7:30 p.m. on Yoe Field.

Season record for Yoe JV is 4-2-1, after last Thursday's 25-0 loss to Georgetown.

Coach Ron Murdock said the team defeated Elgin, Caldwell, Gatesville (twice), tied Rosebud and lost to Rockdale and Georgetown.

On the JV line are Van Eanes, Mark Dodson, Winfred Debose, Jack Raymond, Charles Riola, Randy Turnison, Prentiss McGoldrick, Bobby Conley, and Robert Kretschmar.

Backs are Joe Vaculin, Jack Kirk, Bill Gray, Carl Walton, Cliff Fillmore and Darrell Schneider.

## DOORS OF YOE

By Jane Callaway

If you haven't heard, let me be the first to tell you. The Yoe High Band went to the Texas International Speedway at College Station last Sunday to march with other area bands. We placed second and came home with \$150! ! ! We are improving all the time—didn't you think the band sounded good in Georgetown?

Speaking of Georgetown, we hope some of "Our Yoemen" recover in a hurry from the injuries they received Friday night. We're proud of you! Now, on to Round Rock! Be sure to go—call Mrs. Miller for your tickets.

I opened my locker one day last week and found a red bag full of fortune cookies—that really made interesting eating. Thanks Miss R. By the way, I loved your hair Monday.

Pat, what do you think about a little math, review?

Regina S. I like the ring you have!

If you happened to drive by the practice field around 6 or 7 last Tuesday or Wednesday, Mr. Carney was giving marching tests. He is cutting the band down to 78 students for our UIL Contest on November 25. We're really busy this month.

Ann A. frostbite???

Hope everyone saw Mrs. Nance on T. V. last week. She attended the homecoming at San Marcos. The Juniors are "hard at work" on their play, "Beauty and the Beast."

It is directed by Mr. Thomas Dusek. Can't wait to see it.

Edward, you're just a hazard in the lab!!

Congratulations to John Ben Suter and Carolyn Perkins! J. B. placed third in the boy's division of speech competition and Carolyn placed second in the girl's division at the Future Teachers of America Convention in Conroe last Saturday. Mrs. Todd is the FTA sponsor.

And, congratulations to Coach Murdock—he is the proud father of a new son—Ronald Kirk, who was born Nov. 9. We know you and your wife are really proud.

Welcome to these new students at Yoe High: Linda Jones and Charles Jones who moved here from Temple, and Clarence and Sharon Cole from Michigan. We're glad to have you.

QUOTE: A friend of everybody is a friend of nobody.

Mr. and Mrs. Wayne Lee, Craig and Kelly attended the Can-Am races at the Texas International Speedway near Bryan-College Station Sunday afternoon. Mr. Jim Harlan also attended as did Rock Ely.

## Page 1A CAMERON, TEXAS HERALD, NOV. 12, 1960 Have Your Goodwill Bag Ready For Scouts To Pick Up Sunday

The Boy Scouts of Miami and Robertson counties will be knocking at your door Sunday, November 16 to pick up the Goodwill bags they have distributed this week. They will begin the pick up at 1 p.m. and each householder should place his filled bag outside his front door before that time.

Boy Scout Good Turn Day for Goodwill Industries chairman for Texas District is H. D. Maxwell, Rockdale. Unit leaders working with him are Ron Derry, Cameron; George M. Rogers, Rosebud and Billy Hall, Calvert.

These scouting leaders have recruited Scouts from packs, troops and posts throughout Texas District to distribute the bags and

collect the filled bags next Sunday.

These bags will be delivered to central collection points for pick up next week by Goodwill Industries.

Wearable and repairable clothing and household items will be refurbished by the handicapped at Goodwill Industries and resold in Goodwill thrift stores to pay wages of the disadvantaged persons being trained for self-support.

Doug Brown, volunteer chairman, 1960 Good Turn Day says, "With the expanded activities of the Heart O' Texas Goodwill Industries, the need for additional material is critical. Your contribution is desperately needed."

## Impala's hidden persuaders:

### ①350-cu.-in. engine

A new more powerful standard 250-hp V8 makes the 1970 Impala move with all the more assurance. On good ol' regular gas.

### ⑤Inner fenders

Up inside every fender is another fender to protect against slush and mud and help keep your Impala looking young.

### ②Anti-theft column lock

A locking system is built right into the steering column. When you take your key with you, you lock not only your ignition but your steering wheel as well.

### ⑥Flush and dry

We build the car so that rain and wash water can run down through the inside of the rocker panels, then out. Air follows to do the drying.

### ③Aluminized exhaust system

It simply means that your original muffler, tailpipe and exhaust are going to last longer than you'd probably expect them to. Fair enough?

### ⑦Full Coil suspension

Huge coil springs at all four wheels are four big reasons why a Chevrolet Impala rides smoother and quieter than a low-priced car has any right to.

### ④Side guard beams

They look like highway guard rails, and they're built into both sides of the car for extra protection in case of impact. Not too many cars have them.

On the move.

## hat Others Say ...

### The Census: Useful?

Americans will be less disturbed about the census, due April 1, if they think of it as a tabulation not only of people, but of the home and the household's place in the economy.

Costing about \$211 million, the census will be taken mostly by mail, except in country areas. The most common census form will go to four out of five households, contain 23 questions, take 15 minutes to complete. Admittedly it is an intrusion on privacy. So are tax forms and auto licensing questions. The important thing is: are these census questions useful to the nation? Officials, businessmen, social workers say they are, though Congress is doubtful about some inquiries.

By means of the short form, or the longer forms going to 6 and 15 per-

cent of all households, the tabulation will learn how people live, whether they have furnaces, TV, bathrooms, air conditioners, telephones. And they will learn a lot about income, population mobility, education, immigration, employment. From this data, future housing needs can be estimated, living trends spotted, industries planned, highways built, cities rehabilitated. This is data for planning our tomorrows.

Simultaneously we can also be glad that, thanks to public outcry, proposed questions about alimony, religion, expected family size, use of contraceptives, physical and mental disabilities, were omitted. Some sanity prevailed, after all.

how can Lone Star Gas help you get rid of wrinkles?

We know all wrinkles are not due to aging. Some are due to drying. And dryers.

Some dryers affect clothes the way sun affects skin. They not only dry out moisture. They bake in wrinkles. Even in permanent press.

But gas dryers are more sensitive to your family's clothing. And more sympathetic to your work load.

Most new gas dryers have a special cool-down cycle that turns off the heat before your clothes become overheated.

That means your clothes have fewer wrinkles. And you have less ironing.

You also have less expensive utility bills. Because gas dries for about a penny a load.

See your gas appliance dealer or Lone Star Gas Company. Find out how to take it a little easier. And avoid wrinkles.

# Whopping New Tax Bills May Face Texans In 70's

By Vern Sanford

AUSTIN Prospects of whopping new tax bills may face Texans in 1971, 1972 and 1973 and a critical housing shortage within the next decade is likely.

Texas Research League heard the bad news at its 17th annual meeting here.

James W. McGrew, new executive director of the League and one of the state's top fiscal authorities, warned of the coming "decade of tax crises" like that of 1960's.

McGrew sized up the 1971 tax bill as at least \$20 million and maybe as much as \$400 million. Furthermore, he predicted, a bigger one will be in store 2 years later and one not quite so big in 1975.

Standby sales tax (now at four and a quarter per cent in many areas) may be near its "political limitation". Implication was clear that new tax trails will have to be blazed.

Gov. Preston Smith said half the state's 2,803,000 housing units are "inadequate or substandard." He requested the League to study the problem and come up with recommendations as to the state's role in the housing field.

Housing shortage may reach "crisis proportions" in two years, Smith told League members. Needs over the next decade, he forecast, will demand \$1.5 billion worth of construction a year in Texas. With in the same period, he said, housing will have to be found for 875,000 new Texas families, and slums and overcrowding must be eliminated.

Greatest prospect for solving problems of slums, contended the governor, lies in "effective programs of governments to assist slum residents in becoming home owners." Public housing and rent supplements, he maintained, "tend to isolate, segregate and spotlight the poor, while providing no long-range changes in their situations."

Smith suggested a statewide building code may be needed and State Housing Authority may be helpful to coordinate efforts of the U.S. Department of Housing and Urban Development with local governmental units.

## APPOINTMENTS

Governor Smith has nearly 1,000 appointments to make to more than 100 State boards, commissions, and study committees.

It is a difficult time-consuming task. In most instances, his trouble is in finding a capable "can-do" type of man or woman who will or is allowed to accept an extra job, which is usually a non-paying one.

Here are some of the major, new appointments made by the Governor:

Chairman, Board of Mental Health-Mental Retardation: Ward R. Burke, Lufkin attorney.

Texas Air Control Board: Dr. Willie Lee Ulich, Texas Tech Engineering Professor.

Texas Liquor Control Board: Joe W. Burkett Jr., Kerrville Attorney; (reappointment).

Board of directors of the Red River Authority: Joe B. Wolverton, Wichita Falls, and Jim Beeson, Memphis.

Egg Marketing Advisory Board: George J. Laughhead of San Antonio and John H. Nash Jr., Austin; Jack M. Dubose, Gonzales; Boyd H. Hilley, Lamesa; Gary H. Pace, Fort Worth, and D. W. Reineau, Seguin, (reappointments).

## BALLOT SPOTS PICKED

Proposed constitutional amend-

ment to legalize the sale of liquor by the drink will be in the second spot on the Nov. 3, 1970, general election ballot.

Here's how drawings for other ballot places by Secretary of State Martin Dies Jr. came out last week:

No. 1—Provision for removal, censure or retirement of appellate court judges and justices of the peace by a new Judicial Qualifications Commission.

No. 3—Uniform method for assessing farm, ranch and forest lands on a capability to produce basis.

No. 4—Making the State Building Commission a three-member ap-

pointive agency.

No. 5—Authorizing counties to issue road bonds up to a fourth of assessed valuation on vote of taxpayers.

No. 6—Increasing value of homesteads exempt from forced sale.

No. 7—Providing for consolidation of local government functions and interagency contracts for performance of governmental services.

## DISAPPOINTING LEASE SALE

Shool Land Board got disappointing results from its sealed bid oil and gas lease sale on public school lands. High bids averaged only \$36 an acre, lowered by the \$15.33 per acre average of over 15 thousand acres leased in

## OLD PHILOSOPHER

Dear editor:

Every once in a while some news gets out of Russia through the Iron Curtain that a thinking man feels like kicking himself for not having known without being told.

For example, according to an article I read last night in a newspaper that caught on the north side of my backyard fence—it's a sure sign of winter when newspapers start lodging on the north instead of the south side — Russia is having trouble with, of all things, laziness.

A check at one factory showed that the workers, after a hard day on the job, had put in, after you subtract the time spent around the water cooler, numerous breaks for smokes, tinkering with equipment, talking, and such like, exactly three hours of actual production. In another factory, Pravda, the official Russian newspaper, found that only 96 of 200 workers

El Paso County where there is no oil or gas production.

Land Commissioner Jerry Sadler said the indications from Congress that the 27.5 per cent depletion allowance will be cut undoubtedly hampered bidding. Also, sales scheduled for Louisiana and heavy spending on Alaskan leases cut the bids.

Of 770 tracts offered, only 134 drew bids. Total high bids were \$4,113,463.60.

## COURTS SPEAK

Supreme Court split six to three in upholding the constitutionality of the controversial Saturday-Sunday closing laws. Chief Justice Robert W. Calvert wrote the dissenting opinion, contending that the statute prohibiting the sale of 46 items on consecutive days of weekends should be knocked out.

High Court granted a writ of error and agreed to hear oral arguments on December 10 on Houston landowners' complaints that the YMCA should not be allowed to erect a building in Houston's Post Oak Estates sub-division where lots are a minimum of three acres in size.

Supreme Court rejected the appeal of a Dallas man who claimed part interest in vast holdings of oil-businessman J. D. Wrather Jr.

Reversing an intermediate court and affirming a trial court, the state's top civil court held that neither part in a Gregg County auto accident case was entitled to damages.

Court of Criminal Appeals affirmed a 30-year sentence of black militant Lee Otis Johnson of Houston, convicted of possession of marijuana after he gave a "cigarette" to an undercover police agent.

U. S. District Court, Tyler ruled that teacher cannot be dismissed from a job because of political activity.

actually put in a full day's work. You mean to say everybody in Russia isn't born with equal energy? You mean to say some people over there work harder than others, and conversely some just aren't interested in working much at all?

I thought Russia had abolished human nature. I thought they'd proved that any time a man didn't care about working it was bound to be society's fault. Bring in the perfect society and you'll have nothing but perfect men.

Not only are some of the men not enthusiastic about working but, according to this Pravda article, some women are similarly afflicted.

"A healthy woman whose children are grown should be in the shop or factory," the article said, "not sitting around in the courtyard gossiping." It demanded that something be done about it.

I'll tell you, when Russia sets out to stop women from gossiping and some men from loafing, she hasn't got just a five year plan on her hands. She's got a million year plan.

Yours faithfully,  
J. A.

## Kubiak Drafts Bill To Correct Marriage Code

Rep. Dan Kubiak says he has drafted a bill for introduction in the next legislative session to correct a flaw in the new marriage and divorce code.

The code, which goes into effect January 1, has been under fire recently after Atty. Gen. Crawford Martin's office issued an opinion on common law marriages for teenagers.

A common law marriage system has existed unchanged in Texas since 1866. The new code prescribes a form for "declaration of informal marriage," by which common law marriages may be registered with county clerks.

The code doesn't specify age requirements for filing the "declaration" and that is the flaw — the existing laws have never governed age restrictions on common law marriages and the new laws don't either.

Rep. Kubiak voted against the new code, which deals mainly with liberalizing grounds for divorce.

Many legislators who worked on the new code would have wanted to outlaw common law marriages altogether, according to news reports, but work on the model statute of the bar association wasn't completed in time.

Simple solution to rising car prices.

# The Simple Machine. Ford Maverick. Still \$1995\*

Our small car has scored a big success. And the reason is simple—solid value. Now, with other car prices going up all around it, Maverick is going its own Mavericky way. It still costs \$1995\* and that's still a small price to pay for a car that's simple to drive... simple to park... simple to service... simple to repair... and simple to own.

Simple to drive. Turn on the engine and you turn loose the power of 105 horses. Yet Maverick rivals the economy imports in gas mileage.

Simple to park. Maverick can U-turn in a tighter circle than the leading import. It can nip around corners and slide into tight parking spaces with amazing agility.

For more information about Maverick see your Ford Dealer or write: Maverick Catalog, Dept. N-1, P.O. Box 1503, Dearborn, Michigan 48121.

Simple to service. Maverick is easier and less expensive to maintain than an economy import. Maverick requires fewer oil changes, fewer chassis lubrications, too. You save time and money.

Simple to repair. The Maverick Owner's Manual has 24 pages of instruction for routine maintenance jobs you can do yourself like change spark plugs, adjust ignition timing, and more. Fenders and grille can be replaced in a matter of minutes.

Simple to own. The simple machine can start solving money problems for you right now. Check it out at your Ford Dealer's. The price that made it famous now makes it a better buy than ever.

\*Ford's suggested retail price for the car. White sidewall tires are not included; they are \$32.00 extra. Since dealer preparation charges (if any), transportation charges and state and local taxes vary, they are not included, nor is extra equipment that is specially required by state laws.

## Farm Bureau Names Delegates To Annual State Convention

Milam County Farm Bureau will send 13 official voting delegates to the 36th annual convention of the Texas Farm Bureau Nov. 16-19 in San Antonio, according to Edwin Lehmann of Buckholts, first vice-president of the local county organization who will head the delegation.

Other delegates are: Mrs. Edwin Lehmann, Mr. and Mrs. S. W. McClaren Jr., Charles Becker, Oscar Heintze, Mr. and Mrs. Reeves Brown, Mrs. Bernice Charles, Mr. and Mrs. Morris Coward and Mr. and Mrs. V. L. Angell.

Also planning to attend the convention from this county are: William F. Arthur, Mrs. Maxine Meyer and Robert Jungmann.

Voting delegate strength at the state annual meeting is based on number of members enrolled. The Milam County Farm Bureau ended its 1969 fiscal year with 1304 member families on the rolls.

More than 800 voting delegates from 203 organized county Farm Bureaus will be in San Antonio to adopt policies for the State Farm Bureau for 1970. They will also approve recommendations on national issues to be forwarded to the annual meeting of the American Farm Bureau Federation which is slated for Washington, D. C. in December. Proposed

changes in the Texas Farm Bureau's by-laws are also expected to be acted upon this year.

Featured speakers at the TFB annual meeting include State Rep. Gus Mutscher of Brenham, Speaker of Texas House of Representatives; Rep. W. S. (Bill) Heatly of Paducah, chairman of the House Appropriations Committee; and Sidney Dean of Victoria, president of the Texas Farm Bureau.

Young people's activities at the convention include Queen Contest, Talent Find and Discussion Meet.

## TJC Library Has Copying Machine

Patrons of the Hubert M. Dawson Library at Temple Junior College now have an easy, modern way to take notes: A coin-operated copying machine.

At 10 cents a sheet, the automatic device will make quick, permanent black-and-white copies of written material ranging from single sheets to pages of open books facing the machine's "window."

Rose Anne Brasher, librarian at the 43-year-old school, said the machine is simple to operate from instructions mounted on its top. It may be used by any library patron at any time the library is open.

Now with a carefully selected collection of more than 23,000 volumes plus scores of recordings, magazines and other resources materials, the library is open each week day from 8 a.m. to 5 p.m. and each evening Monday through Thursday from 6:30 to 9:30 p.m. Saturday hours are 10 a.m. to 1 p.m.

## Pre-Schoolers Help Shape New Series Start On Channel 9

What has been called "the youngest and the toughest audience in America"—the pre-school set—now can spend an hour each weekday enjoying a program that has been developed for them and, in part, by them as NET's "Sesame Street" takes to the air at 1:30 p.m. Monday through Friday on KLRN, Channel 9.

Pre-school children three to five years of age were the subject of intense nationwide research in the preparation of the new series, which will combine education with entertainment.

"Three, four, and five-year-olds have been telling us—verbally and through tests—what they learned and what they liked and didn't like, about many of the 'Sesame Street' segments," says Joan Ganz Cooney, executive director of the Children's Television Workshop, the series' creator and producer.

The hour-long color program is a fullscale effort to determine whether the techniques of commercial television can help pre-school children learn skills and concepts that will help them later in school.

The series will teach by means of animation, live comedy, excursions, and stories.

## Business Machine Presented To RHS

The First State Bank of Rogers presented a Burroughs Sematic posting or bookkeeping machine to the business department of Rogers High School.

Mrs. Alta Seay, business teacher, said the machine will help give students a wider knowledge of business machines. Supt. B. F. Harbour expressed appreciation to bank officials for the Board of Trustees and the high school.

## Lone Star Gas Reports Earnings

Lone Star Gas Company has reported a 5.6 per cent increase in operating revenues during the nine month period ending September 31, the company's president, Louis G. James said today.

The record operating revenues totaled \$178,975,041, up from \$169,405,231 for the comparable period in 1968. Net income was \$17,523,634, up from \$17,448,933, and equivalent to \$1.19 per share of common stock, holding firm at last year's level.

"Developments in the third quarter of 1969," James said, "are expected to contribute to higher reported operating results in the fourth quarter of 1969 and beyond." James called attention to the order issued by the Texas Railroad Commission, granting Lone Star Gas Company a 6 cent per thousand cubic foot increase in the intracompany charge for all gas delivered at the city gate except gas for industrial sale.

Soon after the order became effective on August 15, Lone Star began requesting higher commercial and residential gas rates from cities on its Texas system. The amount of increase varies, depending on the amount needed to assure reasonable rate of return from Lone Star's operations in each city.

Several cities including a Dallas and Fort Worth, have granted a rate increase, and most are expected to act before the end of the year. A program is also underway to increase rates to industrial customers, James said.

## Pork Producers Hold Area Meet

By J. D. Moore  
Some 75 swine producers, their families and guests attended an area meeting of the Cen-Tex Pork Producers Association last week. Guest speakers were Dr. Don Brothers, State president of the Pork Producers organization and Harve Tag, swine producer at Thorndale.

Attending from Cameron were Mr. and Mrs. I. N. Hughes, Christine Laws, Mr. and Mrs. J. D. Moore, Dr. R. M. Tittsworth, Dennis Tomascik, Johnnie Richter and Hubert Jistel. Mr. and Mrs. Bob Stephens and son and Pete York attended from Rockdale.

The Cen-Tex Pork Producers Association includes members in six counties: Travis, Burnet, Williamson, Milam, Lee, and Falls. Associate members include financing agencies, feed dealers, commission companies, and individual buyers of market hogs.

In his talk at the meeting, Tag called attention to the "poor image" of pork. "Few people know that today's pork has 22 percent more protein, 36 percent fewer calories, and 57 percent less fat," Tag told the group.

"With less fat and less calories, pork plays a particular role in the diet for weight control. We need to tell the American consumer that pork is one of the most versatile, attractive, and tastiest meats available."

Tag said pork producers need to support educational programs directed at consumers. He suggested "hogs are beautiful" but

to improve the pork image. A plan called "Nickels for Profit" was detailed by Tag. The first buyer of a market hog checks off one nickel which is sent to the National Livestock and Meat Board. "Since Texas is a low hog producing state, 80 percent of the nickels are returned to do promotional work within the state," Tag said.

The check-off is voluntary. Tag added, Membership fees are \$2 per year for producers plus 5 cents per market hog checked off or 2 cents per feeder pig. "Producers of agriculture products today must know how to produce quality products, find consumer demand, and then marketing for a profit follows," Tag concluded.

## SCHOOL MENU—

Monday, Nov. 17 - Fish portions and catsup, tri taters, lettuce and tomato salad, apricot cobbler, hot rolls, milk.

Tuesday - Swiss steak, buttered potatoes, coleslaw, hot rolls, apple crisp, milk.

Wednesday - Fried chicken and cream gravy, cream potatoes, buttered corn, hot rolls, peach salad, milk.

Thursday - Hamburger on bun, lettuce, pickle, onion and tomato, french fries, ice cream, milk.

Friday - Meat loaf, buttered rice, green beans, hot rolls, fruit salad, milk.

## Henderson Tells Of Asian Trip

John B. Henderson, Sr. was guest speaker for the Cameron Noon Lions Club Monday. He was introduced by Forrest Sapp, program chairman.

Henderson discussed the trip taken with his wife to Asia, and their observations on the people and customs. The trip was a 4 month vacation, traveling by sea and air, and an extended visit with their daughter and her husband, an official of the U.S.I.A., in Thailand.

He stressed the modesty of the Asian people and their skillfulness with art crafts.

## You Don't Say

ENTOMOLOGIST  
If you are referring to one who studies the origin and development of words, tracing a word back as far as possible.

ETIMOLOGIST (ETT uh MOLL uh jist) is correct for this meaning.

ENTOMOLOGIST (EHN tuh Moll uh jist) is one who studies the behavior of insects.

Confusing—yes, but just remember if you are an etymologist, you love words. If you are an entomologist, you love worms.

## Cotton Subcommittee Schedules Hearings For Vital Legislation

Hearings on cotton provisions of proposed general farm legislation are to be held by the Cotton Subcommittee of the House Committee on Agriculture starting November 18.

Announcement of the hearings was made today by Rep. Tom Abernethy, D-Miss., Subcommittee Chairman, who said spokesmen for farm organizations and the cotton industry in particular will be heard.

National farm organizations are scheduled to testify on the opening day, with spokesmen for various cotton producing groups and

individuals to appear on November 19, November 25 and December 2. Servicing segments of the cotton industry will appear December 3. Officials of the Department of Agriculture will then be invited to express their views.

Pointing out that cotton provisions will be vital part of general farm legislation, Abernethy expressed hope that they can be agreed upon and approved early in December for inclusion in an overall bill. Pending before the Full Committee are bills which would modify and extend the Food and Agriculture Act of 1965, which expires December 31, 1970.

A veteran member of the House Agriculture Committee, Abernethy declared that "the cotton problem is deadly serious. It has been the subject of many hours of serious discussion by members of the committee in recent conferences with Secretary of Agriculture Clifford Hardin and his top aides."

"Cotton is facing a troubled future not only because of normal market price problems," the Mississippi declared, "but also because of imports and the competition of synthetic fibers."

"Cotton like all major agricultural commodities also is handicapped by the fact that the Congress now is overwhelmingly urban oriented, and what ever influence an alleged farm bloc ever had is certainly now greatly diminished, in fact almost vanished."

"Agreement on legislation acceptable to both the Administration and the Congress, legislation that will maintain farm economy on at least the present level, will be difficult, but we hope to come up with something satisfactory as a result of these hearings."

and cook 5 minutes longer, or just until potatoes are tender. Drain well. Shake pan gently over low heat to dry potatoes and place in a large bowl.

Four 1/2 cup Caraway Cheese Dressing over the mixture and toss lightly to mix. Cover, chill at least an hour to season and blend flavors. When ready to serve, fold in mayonnaise or salad dressing and dill pickle.

Place shredded lettuce in bottom of large, shallow bowl. Arrange leaves of Boston lettuce in a nest on top. Mound potato salad in center. Tuck tomato wedges under Boston lettuce around edge. Arrange American cheese, Swiss cheese andologna strips on potato salad. Garnish with sprigs of fresh dill, if you wish.

For the Caraway Cheese Dressing: 1 cup evaporated milk, 1/2 cup vinegar or lemon juice, 1 teaspoon salt, 1 teaspoon caraway seeds, 1/2 cup grated cheese (mild American or tangy Parmesan).

Stir milk while adding vinegar. Add salt, caraway seeds and cheese and blend thoroughly. Serve cold with crisp dressed cabbage. Makes 1 1/2 cups dressing.

## 'Bonanza' Star To Highlight Fat Stock Show

David Canary, who is featured as "Candy" on the top-rated television series "Bonanza," will be the guest star at Fort Worth's 1970 Stock Show Rodeo.

His selection has been announced by W. R. Watt, president and manager of the Southwestern Exposition and Fat Stock Show. Watt said Canary will appear at all 20 performances of the rodeo, which is scheduled Jan. 30 through Feb. 8, 1970.

In addition to Canary the 1970 Fort Worth Rodeo will present a number of outstanding specialty acts, including trick riding and roping and Arthur Allen's performing Border Collies. In the ever popular rodeo action events over 500 top cowboys are expected to compete for better than \$80,000 in prize money and entry fees. Tickets for the 1970 Fort Worth Stock Show Rodeo are available by mail from the Southwestern Exposition and Fat Stock Show, P. O. Box 150, Fort Worth, Texas 76101.

Good fall rains and the resulting green feeding areas will put the deer hunter's skill to a real test, says Chas. W. Ramsey, Extension wildlife specialist. He explains that with the abundance of forage and a good acorn crop, the deer will not be moving around a great deal.
